Save ENGLEBRIGHT Lake

The Problem: Groups are Trying to Destroy ENGLEBRIGHT
There are active groups who are determined to destroy Englebright Dam, Englebright Lake, and its riparian habitat. The following are some of the proposals that have been put forth:

- DECOMMISSIONING Englebright Dam (taking down or removing)
- Making a DRY DAM of Englebright Dam (putting a hole in the bottom of the dam, so there is no water behind the dam)
- Lowering Englebright Dam
