Lester Snow
Executive Director, Calfed
~~1491~~ 1416 Ninth St.
Sacramento, CA 95814

Dear Mr Snow:

Please consider this letter a response to the revised Calfed plan. I oppose Calfed's plan to increase surface water storage in the Central Valley by raising existing dams or building new offstream storage reservoirs. I urge Calfed to expand water efficiency conservation, & reclamation programs to stretch our existing water supplies, instead of building new dams and canals.

We cannot solve the ecological problems caused by dams & diversions by building more dams & diversions.

Sincerely,

Rania Baqleh
