Dear Mr. Snow

Please consider this letter a response to the revised CALFED plan.

I oppose CalFED's plan to increase surface water storage in the Central Valley by raising existing dams or building new offstream storage reservoirs

I urge CALFED to expand water efficiency, conservation, & reclamation programs to stretch our existing water supplies, instead of building new dams & Canals.

I support CALFED's proposed restoration goals for the Central Valley, including removing some facilities such as the Englebright dam, that act as barriers to migration salmon, acquiring important riparian habitat, & increasing instream flows for fish, wildlife & recreation

Thank you for your time & consideration

Sincerely
