CALFED BAY-DELTA PROGRAM

# Public Comment

Date July 29, 1999

The CALFED Bay-Delta Program welcomes your participation. Please use the space below for your written comments (attach additional sheets if necessary).

Comments:

I oppose building more dams and reservoirs that disrupt the environment for fish and other acquatic wildlife. California is a semi-arid area in the south and central interior. It is folly to grow high water usage crops such as cotton and rice. More conservation and more suitable crops would go along way in reducing agricultures demand for water
