Sacramento, CA 95814

O 267

AUG 19 1999

Dear Mr. Snow

I oppose CALFED's plan to increase surface water storage in the Central Valley by raising existing dams or building new offstream storage reservoirs. CALFED's plan to raise the Shasta dam would flood portions of the McCloud River.

McCloud is a great piece of water and it should be saved.

Sincerely,

Bryan Vidinsky
