DEAR MR. SNOW,

I BELIVE CALFED'S SURFACE WATER STORAGE PLAN IS UNSOUND IN REGARDS TO OUR ENVIRONMENT. WITHOUT A HEALTHY ENVIRONMENT THE FUTURE IS BLEAK!

CALFED SHOULD FOCUS MORE ON WATER CONSERVATION, EFFICIENCY, AND RECLAMATION. NOT ON MORE DAMS!

I BELIVE CALFED SHOULD COMPLETE ITS PROPOSED RESTORATION GOALS THAT ARE AIMED AT REMOVING SUCH DAMS AS ENGLEBRIGHT.

MORE DAMS ARE NOT THE ANSWER TO A HEALTHY FUTURE!

PLEASE THINK ABOUT IT.

SINCERELY,
ERIC M. DALTON
