CALFED BAY-DELTA PROGRAM

SEP 0 3 1999

Public Comment

Date September 1, 1999

The CALFED Bay-Delta Program welcomes your participation. Please use the space below for your written comments (attach additional sheets if necessary).

Comments:

I am strongly opposed to the construction of more dams and canals that divert water from the Bay and Delta ~~to~~ and use it for Agriculture. Until much more efficient means of irrigation are used, we are wasting water lost to evaporation that is critical to the health of the Bay-Delta ecosystem. I urge you not to build the first third of a canal around the Delta and to explore the use of water conservation strategies to maintain both water for the environment and supplies for agriculture.
