CALFED BAY-DELTA PROGRAM

Public Comment

Date: 8-13-99

The CALFED Bay-Delta Program welcomes your participation. Please use the space below for your written comments (attach additional sheets if necessary).

Comments:

I strongly feel more fresh water needs to flow through the Bay & Delta to restore habitat & the environment. We need to have more aggressive water conservation practices before CALFED decides dams & canals should be built & existing reservoirs should be expanded. Do not build the first third of a canal around the Delta. These actions will cost taxpayers money & further degrade the Bay-Delta ecosystem.
