SAVE THE GRAY WHALE NURSERY!

A newborn gray whale "spy hopping" in the San Ignacio Lagoon – the last untouched whale nursery on Mexico's Baja California coast. NRDC is fighting to stop Mitsubishi and the Mexican government from building the world's largest salt factory at the Lagoon.

Cal Fed: (1) please reject dams & reservoirs and instead insist on conservation. (2) Restore flows to Bay/Delta. (3) insist on no taxpayers subsidies for unnecessary projects – users should pay! (4) Anticipate future H2O needs that include potential savings from conservation.

thank you, Dan Dumont
