Exec Director, CALFED
1416 Ninth street
Sacramento, CA 95814

Dear Mr. Snow:
Please consider this letter a response to the revised CALFED plan.
I think its a horrible idea to build a dam in the Central Valley. I urge you to expand water efficiency to stretch our existing water supplies, instead of building new dams & canals.

Thank you for your attention to this matter. Please write me back to let me know what you think.

Thank you, Josephine Yeh
